

**DELAWARE COUNTY REGIONAL
WATER QUALITY CONTROL AUTHORITY**

**RESOLUTION NO. 2008-03
Adopted March 18, 2008**

REPEALING RESOLUTION 95-02 AND ESTABLISHING PERMIT FEES FOR CONNECTION AND DISCHARGE TO DELCORA OWNED SEWERS, REPAIRS OR RECONSTRUCTION OF SUCH CONNECTIONS, AND INTRODUCTION OF INDUSTRIAL WASTEWATERS INTO ANY SEWER SYSTEMS WHERE SUCH WASTEWATERS WILL ULTIMATELY FLOW INTO DELCORA OWNED FACILITIES.

BE IT RESOLVED by the Delaware County Regional Water Quality Control Authority ("DELCORA") that in accordance with Resolution No. 91-03, Sections 301, 303, 305, 307,308,309,310, 313, 314, and 501, fees for connection and discharge to DELCORA owned sewer systems, for repairs or reconstruction of such connections, and for discharge of industrial wastewaters into DELCORA owned or tributary sewer systems shall be as follows:

Section 1. Primary Residential and Commercial Users Sewer Connection Permits

A. New Lateral Connections, 6 Inches in Diameter or Less:

Single Connections: \$250
Multiple Connections: \$250 for the first connection
 \$100 for each additional connection

B. New Lateral Connections, Over 6 Inches in Diameter:

Single Connections: \$340
Multiple Connections: \$340 for the first connection
 \$100 for each additional connection

C. Repair, Capping or Reconstruction of Lateral Connections:

Single Connections: \$190
Multiple Connections: \$190 for the first connection
 \$125 for each additional connection

D. For new developments, where the owner will install new sewer mains and transfer ownership of the mains to DELCORA:

DELCORA will require the developer to enter into a Developer's Agreement to escrow funds for engineering review, sewer capacity determinations, construction inspection, as-built plans, geographic information system plan conversions, sewer televising and testing, and sewer connection permits.

For in-fill developments and building conversions:

Where existing sewer lines will be used, DELCORA reserves the right to bill the developer for sewer capacity studies to ensure that the sewer lines will handle increased flows.

Section 2. Pretreatment Permit Fees:

A. Permit Fees for Discharge of Non-Domestic Wastewater to a DELCORA Owned or Tributary Sewer System:

1. Significant Industrial User (SIU)

a.) Categorical Users practicing zero discharge requirements	\$ 500.00
b.) 25,000 – 99,999 gallons per day	\$ 750.00
c.) 100,000 – 999,999 gallons per day	\$1,000.00
d.) 1,000,000 or greater gallons per day	\$1,250.00

2. Non-Significant Industrial Users (NSIU) – any industrial user or non-domestic user discharging <25,000 gallons per day, exempt from Federal Limitations but required by DELCORA to maintain an industrial user permit: \$ 500.00

3. Small Quantity Generator Temporary Discharge Permit – permitted discharge period shall not exceed 90 days in duration: \$ 250.00

In addition to the above fees, applicants will be charged the cost of any special consultants, laboratory tests, or special evaluations required by DELCORA to evaluate the proposed discharge.

4. Permit Fees for Modification of Discharge Permits

a.) Significant Industrial User	\$ 500.00
b.) Non-significant Industrial User or Non-domestic User	\$ 250.00

B. DELCORA will bill for analytical services required in the administration of the pretreatment program.

Section 3. All terms used herein shall be consistent with the definitions in Resolution No. 91-03.

Section 4. The fees stated in the Resolution are effective April 1, 2008, and shall remain in effect until modified by DELCORA.

Section 5. Resolution 95-02 and all other resolutions or parts of resolutions inconsistent herewith are hereby repealed to the extent of such inconsistency.

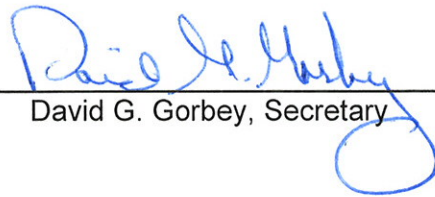

RESOLVED this 18th day of March, 2008.
