- DELCORA website tunnel tab
- TBD: Construction
  Updates Facebook?

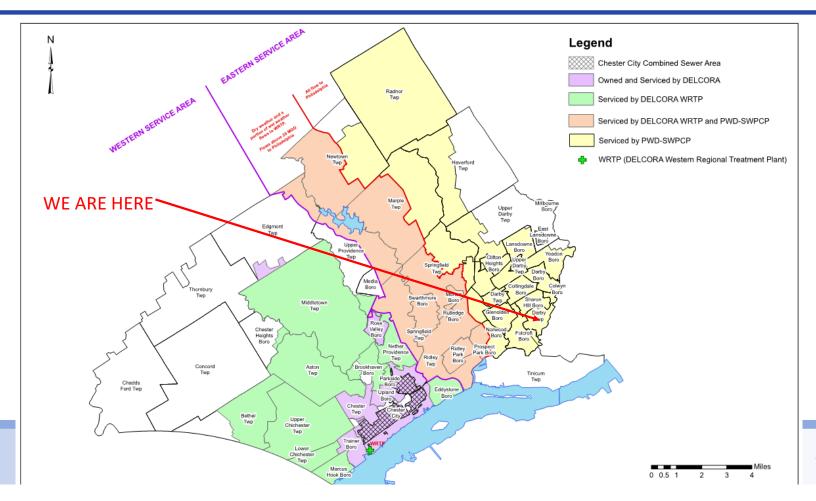

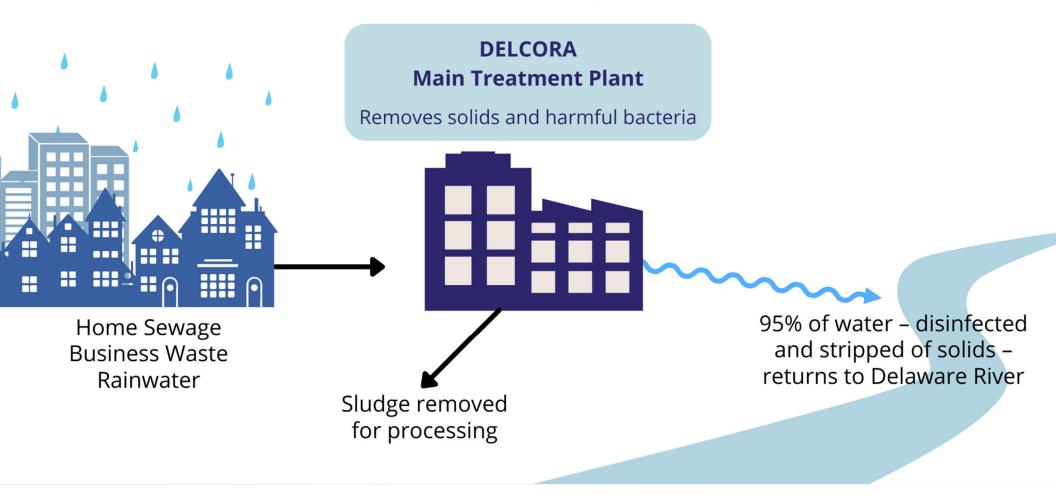

### Meeting Purpose

- Present information about DELCORA
- Provide details of a planned **DELCORA** Wastewater Tunnel
- Discuss community impacts
- Listen and respond to comments and questions regarding the project

### Who does DELCORA Serve?

# What Does DELCGRA Do?

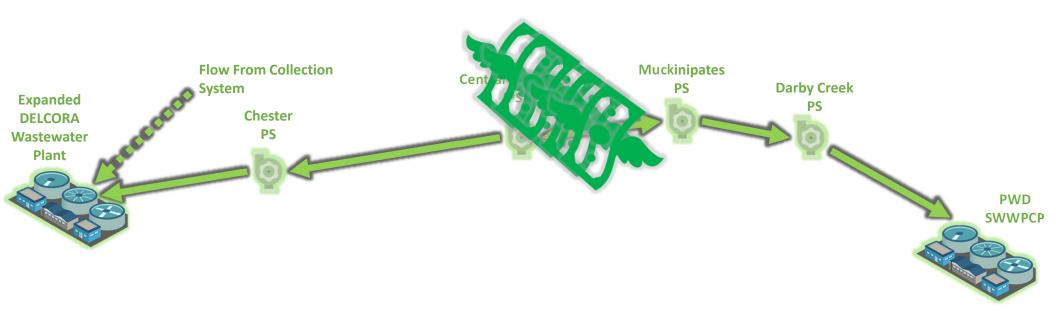

#### What does DELCORA do?

- On a daily basis, the plant treats the equivalent volume of 1,400 typical-sized residential pools
- Compared to what comes into the treatment plant, what comes out of the plant at least 95% cleaner and completely disinfected

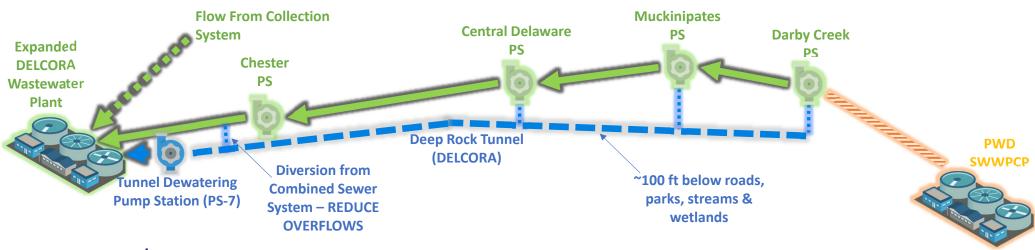

## **Existing System**

#### Proposed System DELCORA Wastewater Tunnel

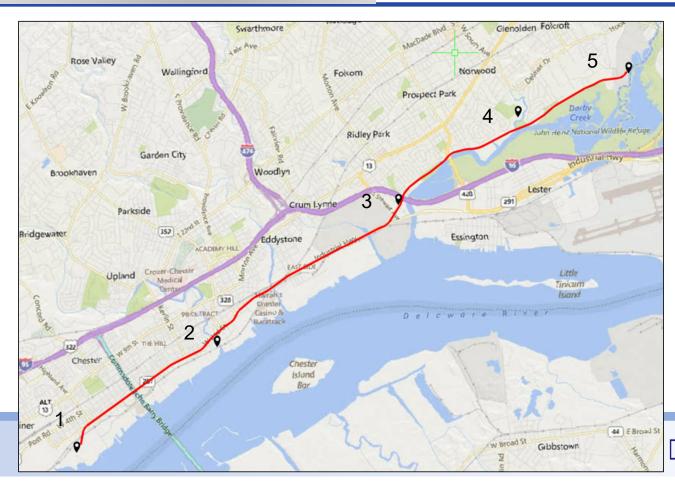

- Saving \$410M by leaving Philly system and Building a tunnel
- Combined Sewer Overflows reduced by over 95%

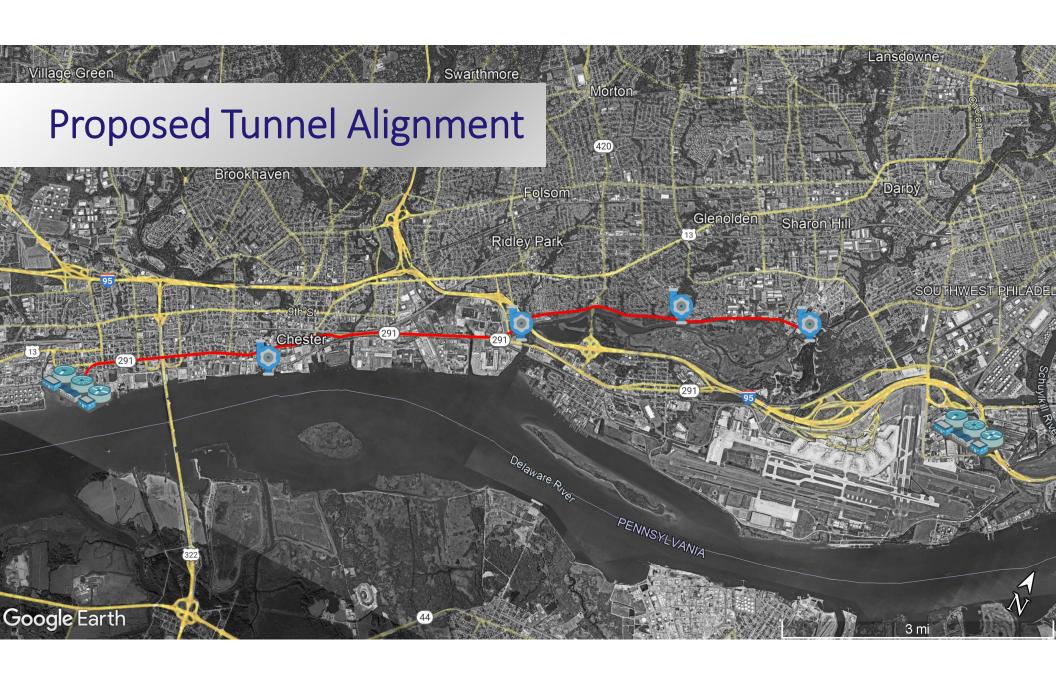

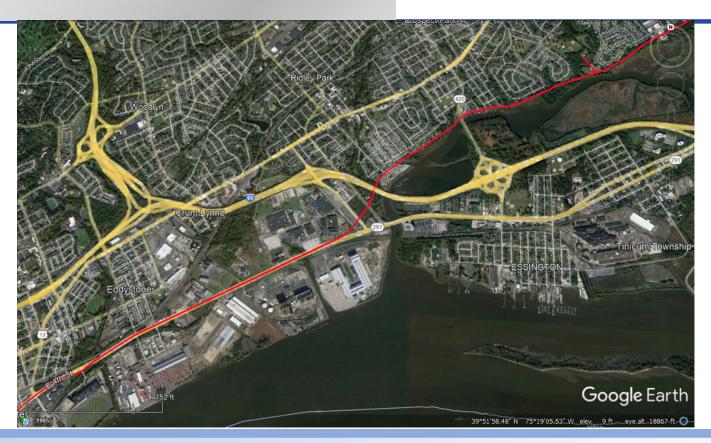

# Proposed Tunnel Alignment

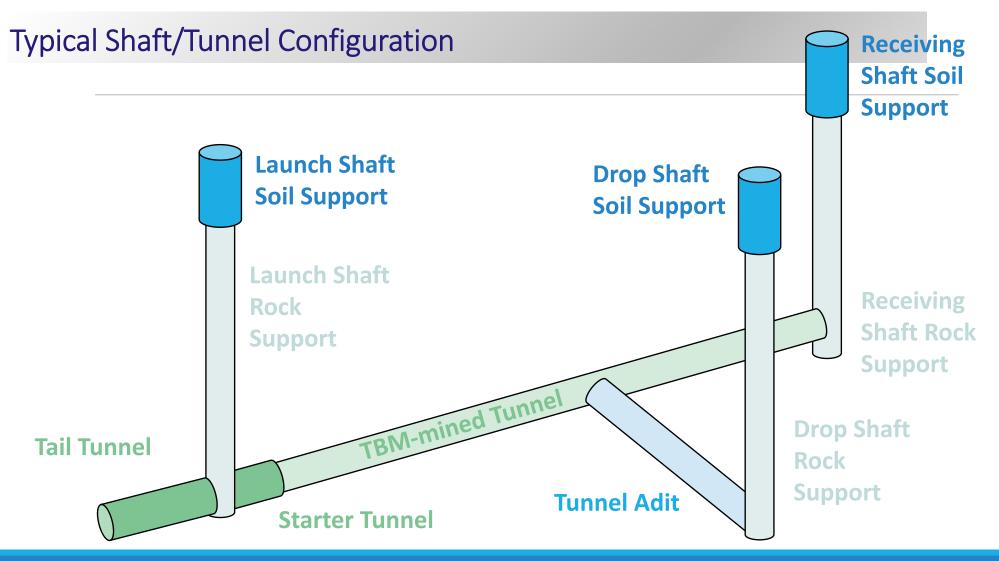

# **Tunnel Alignment Nearby**

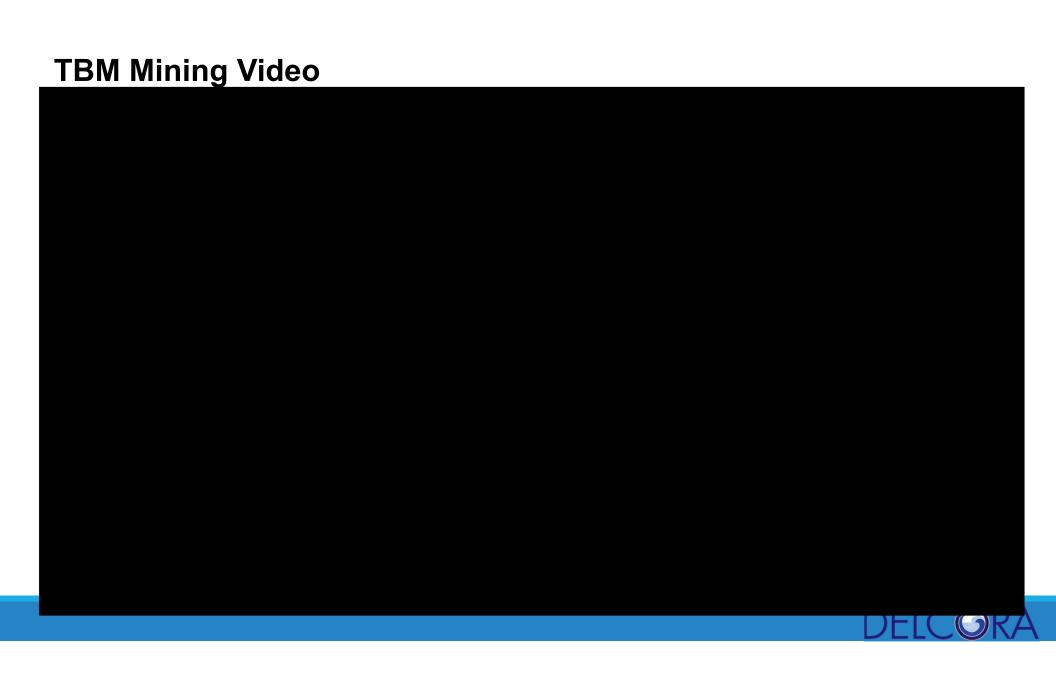

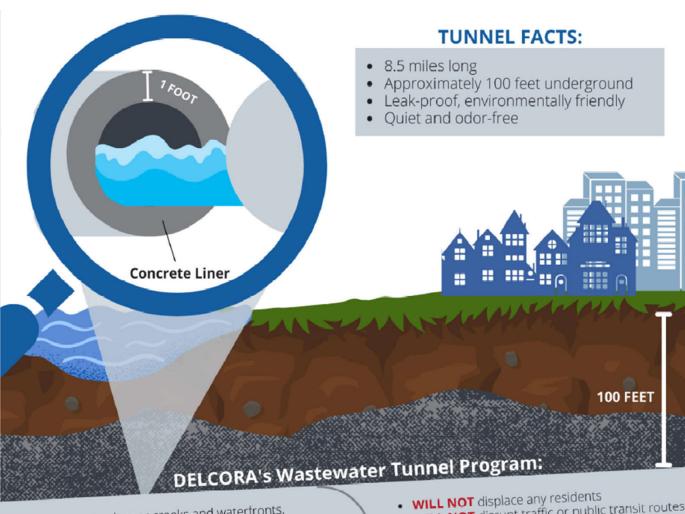

Mott MacDonald

#### **Tunnel Summary**

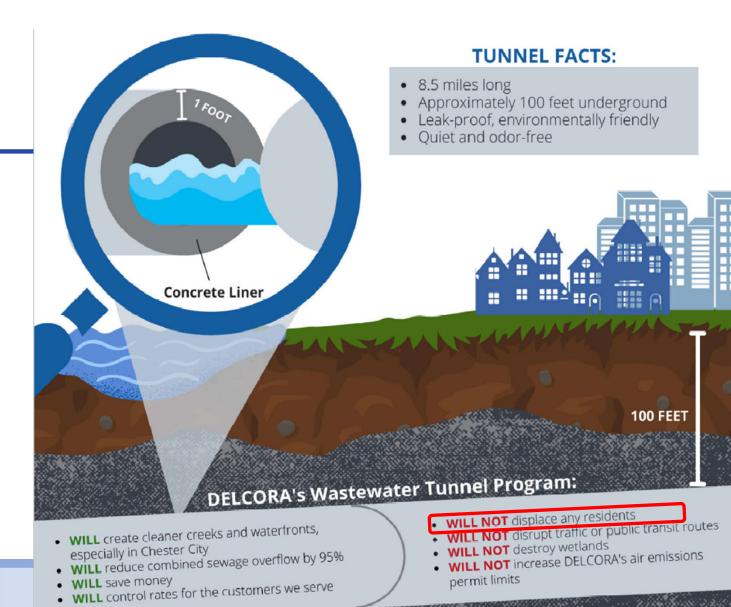

- WILL create cleaner creeks and waterfronts, especially in Chester City
- WILL reduce combined sewage overflow by 95%
- WILL save money
- WILL control rates for the customers we serve

- WILL NOT disrupt traffic or public transit routes
- WILL NOT destroy wetlands
- WILL NOT increase DELCORA's air emissions permit limits

# Discuss Possible Impacts

- Soil Disturbance
- Traffic and bus route disruption
- Noise
- Odors
- Dust
- Easements and land needs
- Historical Structures
